**Version Info**

0.1

**Preferred Namespace Prefix**

ceon-plan

**Preferred Namespace Uri**

<https://w3id.org/CEON/ontology/plan/>

**Description**

The Plan module of CEON (Circular Economy Ontology Network).

**Covers Requirements**

In addition to requirements covered by imported ODPs, covers the following requirements from Onto-DESIDE D3.1: T8-2.

In addition to requirements covered by imported ODPs, covers the following requirements from Onto-DESIDE D3.2: T8-2.

## Classes

|                          |                                                                                                             |
|--------------------------|-------------------------------------------------------------------------------------------------------------|
| Description <sup>c</sup> |                                                                                                             |
